

**MST Spare Parts Kit
MST SPRING KIT**

The MST SPRING KIT contains the parts required to support the solenoid and brake assemblies. This kit can be used on MST, MST-T, MST-47, FMST, CPST, CPST-T, CLST, and CLST-T turnstiles. This spring kit includes all the parts required for both the self-centering and brake model turnstiles.

KIT PART NUMBER	DESCRIPTION	QTY	QTY PER KIT
50-MST-S1	MST SPRING KIT	1	
	Screw, MST Brake Spring		1
	W Cam Follower Spring (Used on Brake Disc)		2
	MST Solenoid Return Spring		2
	MST Fail-lock Solenoid Spring		2
	MST Fail-safe Solenoid Spring (RED)		2

FAIL LOCK

FAIL SAFE

50-MST-S1

Note:

1. The spring with the red color is only used on the solenoid in the FAIL SAFE location.
2. The spring used on the solenoid in the FAIL LOCK location is silver in color.
3. The black (return) springs are never used on the solenoids. They connect from to the lock arm to an anchor point on the mounting plate shown in the above photos.
